# EVOKE-1

## Special Edition DAB Digital Radio

From the world's leading supplier of DAB digital radios comes EVOKE-1 Elgar. Based on the best selling EVOKE-1, the special edition EVOKE-1 Elgar brings you all the interference-free listening and DAB features of EVOKE-1 in a high-lacquer cherry-wood veneer case with a striking white on blue scrolling LCD display.

EVOKE-1 Elgar's digital display shows scrolling track titles, artists' names and programme details. And, being a DAB digital radio, it receives up to twice as many stations as are available via FM, including BBC Radios 1-4, 5 Live, 5 Live Sports Extra, Classic FM, plus local and unique-to-digital stations such as BBC 6 Music, BBC 7, BBC 1Xtra, Oneworld and Planet Rock.

The stylish, mains-powered, special edition EVOKE-1 Elgar is the perfect addition to any home or office, delivering highly detailed, digital-quality sound without the hiss, crackle and fade of AM and FM broadcasts.

Transform your radio listening with EVOKE-1 Elgar.

### Special Edition Design

EVOKE-1 Elgar has high-lacquer cherry-wood veneer casework surrounding a pearlescent white front with silver grille and control panel and an easy-to-read white on blue scrolling LCD text display.

### Sound Quality

The Digital Audio Broadcast (DAB) standard provides high-quality, interference-free digital audio without the hiss, crackle and fade associated with AM/FM.

### DAB Features

Select stations by name not frequency. Scrolling text shows programme content. One touch autotune identifies all available stations.

“...this belter looks set to change things...”

**The Sun**  
July 6, 2002

“Love it, ... I am buying another!”  
Dr Kamath, Hull

“We’re vastly impressed by the EVOKE-1”  
**T3 Magazine**  
October 2002,  
Gold Award

“beautiful to look at and listen to, and easy to use”  
Ms. Susan Corriwall,  
Edinburgh

“A fine combination of old-fashioned looks and up-to-the-minute innards”  
**Daily Express**  
December, 2002

“...a very nice design, good sound, easy operation”  
Mr. Steven Hammond,  
London

“As well as excellent sound, I loved the extra information that scrolls across the display. Verdict: Pure listening pleasure”  
**The Times**  
August 21, 2002

“Cool!”  
Ms. Fran Ruston,  
Bangor

“The sound is excellent.”  
**The Independent**  
August 19, 2002

“EVOKE-1 is just what digital radio needs”  
**What Hi-Fi Sound & Vision (five stars)**  
February, 2003

## CRYSTAL-CLEAR DAB SOUND

The Digital Audio Broadcast (DAB) transmission standard provides high-quality, interference-free digital audio without the hiss, crackle and fade that occurs with traditional analogue AM/FM broadcasts. DAB receivers offer a more robust reception technology, providing crystal clear reception in the vast majority of cases.

## WIDE VARIETY AND CHOICE OF STATIONS

Up to twice as many stations are available in many areas as via FM. UK national radio services broadcast digitally include BBC Radios 1-4, BBC Radio 5 Live, BBC Radio 5 Live Sports Extra, Classic FM, talkSPORT and Virgin Radio. In some areas as many as 55 digital radio stations are available including local stations such as Heart 106.2, Jazz FM, Capital Radio and unique-to-digital stations such as BBC 6 Music, BBC 1Xtra, BBC 7, BBC Asian Network, Oneword and Planet Rock.

## EASY TO USE

The one-touch autotune facility makes it a breeze to lock-on to all available DAB stations. Gone are the days of tuning your radio by frequency, with EVOKE-1 Elgar you can now choose stations by name and list them either alphabetically or by favourite/most listened to.

## GREAT NEW FEATURES

EVOKE-1 Elgar offers a host of great features not available in traditional AM/FM radios, such as advanced user selectable station ordering, a scrolling digital text display showing additional data supplied by the broadcaster such as song titles, artists' names, programme descriptions, news headlines and more.

## HIGH PERFORMANCE

Three levels of Dynamic Range Control (DRC) enable you to adjust dynamic range, useful in a noisy environment or when listening at low volume to programmes with very loud or very quiet parts. EVOKE-1 Elgar also has a built-in reflex port for enhanced bass performance.

## GREAT CONNECTIVITY

Includes headphone socket, speaker output for stereo listening with the optional ST-1 speaker and line out for playback through your hi-fi or connection to a recording device.

## OPTIONAL ST-1 SPEAKER FOR STEREO UPGRADE

- Easy connection to your EVOKE-1 Elgar
- Matching full-range 3" drive unit
- Ported for bass enhancement
- Solidly constructed cherry veneer casing with metallic speaker grille

Like EVOKE-1 Elgar the matching cherry wood ST-1 is only available in limited quantities. Please order promptly to avoid disappointment.

## TECHNICAL SPECIFICATIONS

**Specifications:** Stereo digital radio (stereo output requires optional auxiliary speaker, headphones or external amplifier) with full Band III reception capability, for reception of all UK DAB broadcasts. Compliant with ETS 300 401 and capable of decoding all DAB transmission modes 1-4 up to and including 192 kb/sec.
